Personnel -- Certified

Student Teachers

Student teachers may teach in the Stafford Public Schools under the supervision of a regular classroom teacher and with compliance with State guidelines. It shall be the responsibility of the building Principal to determine the feasibility of having a student teacher based on the qualifications of the student teacher and the quality and experience of the mentor teacher available, the number of other student teachers already arranged for and other pertinent factors.

They shall have the same liability protection as regular staff members.

No teacher shall have more than one student teacher at a time.
