Stafford Springs, Connecticut

Religious Exemption from Immunizations Certificate

THERE IS A POSSIBLE NEW LAW ON THE BOOKS-PASSED THE HOUSE AND IN SENATE NOW-
THAT ALL RELIGIOUS EXEMPTIONS WILL NEED TO BE NOTARIZED YEARLY

Children with religious exemptions shall be permitted to attend school except in the case of a vaccine-preventable disease outbreak in the school. All susceptible students will be excluded from school based on public health officials' determination that the school is a primary site for disease exposure, transmission and spread into the community. Students excluded from school for this reason will not be able to return to school until (1) the danger of the outbreak has passed as determined by public health officials, (2) the student becomes ill with the disease and completely recovers, or (3) the student is immunized. For example, for measles the complete incubation period is eighteen (18) days from the onset of symptoms for the last case in the community. Outbreaks like measles may last for several months.

According to state statutes (Connecticut General Statutes Sections 19a-7f and 10-204a), no child may be admitted to school without proof of immunization or a statement of exemption. Parents or guardians seeking an exemption on the basis that immunizations would be contrary to religious beliefs of the child should complete the following statement and return it to the school nurse.

To Whom It May Concern:

As the parent(s)/guardian(s) of _____
Name of student

I/we hereby assert that the immunization of this student would be contrary to the religious beliefs of this child. Therefore, this child shall be exempt from the required immunizations under Section 10-204a of the Connecticut General Statutes and shall be permitted to attend school except in the case of a vaccine-preventable disease outbreak in the school.
