Mr. Melnik asked if the shaded areas were excluded from the process. Mr. Autieri answered, yes, they are areas that have been mastered, the student does not return to it. Mrs. Shegogue asked if the report cards are all electronic, Mrs. Manning answered that the report cards are currently hardcopy at Stafford Elementary School and they are exploring the secure document delivery that the secondary schools use. Mrs. Gagnon confirmed that West Stafford School does hardcopies as well.

Mrs. Davis asked about printer access for electronic report card. Mr. Moccio answered that the schools will be available to print these items. Mr. Autieri added that the report cards could be translated for families as well.

Mr. Moccio added that the report card is a snapshot and that families will be receiving ongoing communication regarding the student from the teachers.

Ms. Lybarger made a motion, seconded by Mr. Delano, that the Board of Education approve the revised K – 5 standards-based report cards for implementation during the 2021 – 2022 school year. Mrs. Davis, Mr. Delano, Mrs. Locke, Ms. Lybarger, and Mr. Melnick voted for the motion, which carried.

Mr. Autieri stated that the goal is to increase dialogue between administrators and staff to help make the process less intimidating. Mr. Autieri disclosed this process is meant to be more methodical for the administrators as well.

Mr. Melnik asked if a teacher develops their own SLO, if there is room for negotiation. Mr. Autieri answered that the SLO is mutually agreed upon and that the goals must be reasonable. Mr. Melnik asked who decides after the defined timeframe, what percentage of the children are meeting the standard. Mr. Autieri answered that the teacher brings data to the summative meeting and discuss the progress of the students with the administrator.

Mr. Delano asked with multiple staff being in one classroom, is there input from the others in the classroom or program aside from the main teacher. Mr. Autieri answered that only the teachers would be discussing this information and others would have no input according to the plan in place. Mr. Moccio clarified it is the administrator's responsibility to ensure they are in the classroom enough to understand how the teacher is performing.

Mrs. Davis made a motion, seconded by Mr. Melnik, that the Board of Education approve the Educator Evaluation Plan Revision during the 2021 – 2022 school year. Mrs. Davis, Mr. Delano, Mrs. Locke, Ms. Lybarger, and Mr. Melnick voted for the motion, which carried.

DRAFT

MEMO

OFFICE OF THE SUPERINTENDENT OF SCHOOLS

TO: Board of Education
FROM: Steven A. Moccio, Superintendent of Schools 
SUBJECT: Obsolete Equipment – School Facilities, Technology, and West Stafford School

Attached, please find three memorandums from Mr. Jason Gerum, Director of School Facilities; Mr. Dean Fortin, IT/Network Coordinator; and Mrs. Anna Gagnon, Principal of West Stafford School, detailing a list of materials they are requesting be listed as obsolete.

The School Facilities Department has been working to consolidate unused materials that have been stored in the Conex boxes in the rear of the building. The items listed are outdated, in poor condition or damaged, and beyond repair.

The Technology Department has various charging stations and management carts from Stafford High School, Stafford Middle School, and West Stafford School. The carts from Stafford Elementary School were previously deemed obsolete by the Board. The equipment is no longer necessary due to the district's adoption of a 1:1 device program. The district investigated offering them for sale to other districts, however many other districts have previously attempted to sell them through the Connecticut Association of School Business Officials, with little to no success.

The Technology Department has also listed desktop computers, monitors, keyboards, and mice that were from the closing of Staffordville School. During a recent walkthrough with representatives from the Town of Stafford, they have requested the items should they be deemed obsolete.

At West Stafford School, they have also been working to consolidate unused materials that have been stored in the Conex boxes. The items listed no longer support the curriculum, in poor condition or damaged, and beyond repair.

Per Board of Education policy 3260-*Sales and Disposal of Books, Equipment, and Supplies*, such obsolete equipment must be returned to the Town of Stafford prior to disposal. Should the Board of Education approve the materials be labeled obsolete, the district will first offer them to the town. Should the town decline the materials, the district will assume responsibility for proper disposal.

RECOMMEND the Board of Education approve the return of the obsolete materials, as detailed on the attached memorandums, to the Town of Stafford, according to the provisions of Board policy 3260-*Sales and Disposal of Books, Equipment, and Supplies*.

Re: Obsolete Equipment

The following materials were used in prior years across the district. This equipment is considered to be obsolete. The district has moved to a 1:1 model and in doing so carts are no longer needed to house large numbers of student Chromebooks. With many districts in Connecticut moving to 1:1, the ability sell or transfer these large carts is not possible. Upon approval from the Board of Education, the department will dispose of the items.

MEMO

OFFICE OF THE SUPERINTENDENT OF SCHOOLS

TO: Board of Education
FROM: Steven A. Moccio, Superintendent of Schools
SUBJECT: Portrait of the Graduate Presentation

Attached is a memorandum and additional materials from Mr. Steve Autieri, Director of Curriculum & Instruction, regarding the process he led to develop the Stafford Public Schools Portrait of the Graduate. Mr. Autieri led a committee that included teachers and administrators, as well as a Board of Education member and a local business representative. A long-range vision for the Portrait of the Graduate is included and displays the timeline used in developing the framework, as well as next steps that will be required. The committee will continue to meet periodically to determine the appropriate next steps.

The Portrait of the Graduate articulates the skills and dispositions the district expects from its learners at the time of graduation. Those skills and dispositions are broken down into grade level expectations, which are attached for your reference. The grade level expectations provide clear benchmarks for what students should be able to do by the end of Grade 5, and again by the end of Grade 12. Finally, a graphic overview of the skills and dispositions has been included for your information.

Mr. Autieri will be present at the Board meeting on October 18, 2021, to present the finalized Stafford Public Schools Portrait of the Graduate, provide more specific information, and respond to questions from the Board.

Re: SPS Portrait of the Graduate Framework 2021

As districts around the country continue to unpack the educational experiences that are relevant for all students to be ready for college and career, a unifying framework has been designed and regularly implemented to execute this function. The Portrait of the Graduate articulates a school district's profile for the skills, dispositions, and strategic direction for its learners. The Portrait of the Graduate is aligned to 21st Century Learning expectations and is pervasive throughout the academic culture of the school community. From early on, it was critical to provide staff with the rationale and necessity for engaging in such work. A comprehensive overview document titled, *Vision 2020: Portrait of the Graduate* illustrated the long-range, four-year plan for development and implementation.

The Stafford Public Schools Portrait of the Graduate process began during the Fall of 2019 and continued in the development phase through the end of the 2020-2021 school year. The committee reflected the various perspectives of our district community including faculty, administrators, local business representatives, and board of education representation. The committee leveraged various employment market data and job skill set profiles to begin to understand the work. The committee worked to define the specific characteristics in its framework including five attributes: communicator, collaborator, creative innovator, contributor, and critical thinker. To sustain the belief that the framework begins with the earliest phases of schooling, the committee expanded upon the framework to include grade level expectations for students through Grade 5 and Grade 12.

Throughout the 2021-2022 school year, schools will be examining intentional strategies to incorporate the framework to ensure the vision for student learning is clear and aligned. We have already seen connections to our new elementary report card, high school mastery-based diploma assessment, and targets to classroom instruction. The committee will continue to meet periodically throughout the year.

A special thanks and acknowledgement to the following individuals for their expertise, suggestions, and development of the framework: Adrian DePellegrini (SES), Linda DeSantis (SHS), Caitlin Donahue (SHS), Lynn Erickson (District), Diane Glettenberg (SHS), David Gorski (SHS), Caroline Hargraves (SES), Kevin Knight (3M Inc.), Mary Claire Manning (SES), George Melnick (BOE), Allie McCloskey (SES), Steve Moccio (Superintendent), Kimberly Noivadhana (SHS), Marco Pelliccia (SHS), Ben Scurto (SHS), and Thomas Vaghini (SHS).

OFFICE OF THE SUPERINTENDENT OF SCHOOLS

TO: Board of Education
FROM: Steven A. Moccio, Superintendent of Schools 
SUBJECT: Review and Possible Approval of a Proposal for a High School Trip to Washington, D.C., from March 31, 2022, through April 3, 2022

A memo has been included from Mr. Marco Pelliccia, Principal of Stafford High School, on behalf of Mr. Benjamin Scurto, Stafford High School Social Studies Teacher, for the biennial trip to Washington, D.C., should COVID-19 restrictions allow.

This trip provides a valuable opportunity for students to see their government and the various historic sites first hand. As in past years, the proposed trip, which is focused on elements of Stafford's United States history curriculum, is for four days and can accommodate between 50-90 students. A detailed 4-day itinerary, along with accompanying information and required forms, have also been provided for your review. The provided documentation indicates that there will be one adult chaperone per ten students, in alignment with guidelines set forth by the Board of Education.

Mr. Scurto and Mr. Pelliccia will be present at the Board of Education meeting on Monday, October 18, 2021, to answer any questions from Board members.

RECOMMEND the Board of Education approve a Stafford High School trip to Washington, D.C., from March 31, 2022, through April 3, 2022, as presented.

Enclosed are the Board of Education Proposal Forms and the itinerary.

Mr. Scurto and I are prepared to discuss this proposal with you and/or the Board of Education should you determine it appropriate to do so.

3. Parental Acceptance

Students were surveyed if there would be interest in continuing our bi-annual Washington D.C. field trip for a 8th time (We started going in 2007). There will be a parent information night about the trip, outlining travel plans and answering any questions on September 30th, 2021.
